

The *Third* MCI Project weekly meeting will be held in **Ingkarni Wardli level 4** at **2:30 Pm** on **Tuesday 14 March 2017**.

Agenda

Chair: Changchang Liu Present

- a1674472 Tianxu Xi
- a1692335 Changchang Liu

1 Apologies

None

2 Previous Meeting Minutes Summary

Changchang Liu will summarise the minutes from the previous meeting.

3 Presentation

Tianxu and Changchang will talk about the team activities and progress in Week 3.

4 Pitch presentation context discussion

Team members will represent the main context about the pitch presentation and ask for change suggestions.

5 Trace table add button design

The add button for adding columns for the trace table could only be pushed once, is there a good way for multiple trigger?

6 Shell script for gdb

Right now we can trace variables' value for each line by gdb, however we have not find a good way to pack these gdb code into a file, how could we achieve it?

7 Interface design

We found some good samples for the login interface, and want to know could we be allowed to use the samples?

8 Database design

- Database for storing user login information
- Database for storing C code
- Database for storing students marks

Are these three databases enough or correct?

Note: Next meeting to be held on 21 March 2017.
