Agenda

Chair: Tianxu Xi

1 Group members

- a1674472 Tianxu Xi

- a1692335 Changchang Liu

2 Apologies

None

3 Summary for last meeting

- We presented our second milestone and showed our progress.

- Some work for last week has been pointed.

- Some work for second milestone has been discussed in detail.

4 Summary for this meeting

Tianxu and Changchang will introduce our progress so far and future work. In addition, we will discuss with supervisor and make sure whether there is something else that we should finish for second milestone.

5   Our work and progress

- Tianxu has already fixed the design for every page in student mode, especially for zoom issue.

- We finished the connection between teacher mode and student mode. The student score can be generated and insert into database.

- Some reasonable buttons are also added on suitable pages.

6   Teacher mode

Changchang will introduce her work and current progress for last week.

7   Student mode

Tianxu will demonstrate the student mode that has been rebuilt.

8   Work for this week

We will work on fixing bugs and think about how to make trace table have more effective functions.

Note: Next meeting to be held on 16 May 2017.
